1.) The Capitalist system has deprived the majority of the people of land and the ability to provide for themselves.

\*\*\*Capital Vol. 1 (Chapter 31 page 938 Penguin edition) “

*...when you put a man in a vacuum, you rob him of air. You do the same when you take away the soil from him... for you are putting him in a space void of wealth, so as to leave him no way of living except according to your (the capitalist) wishes....*

2.) The Capitalist have created racist dogma and ethnic division in order to weaken the masses' strength and their ability to overthrow

and remove a corrupt government that is “of the rich people, by the rich people, and for the rich people”!!!

\*\*\****A People’s History of The United States*** (by Howard Zinn Chapter 2 pages 31-38)

\*\*\****The Declaration of Independence*** (In Congress July 4, 1776)

*“ We hold these truths to be evident: That all men are created equal: That they are endowed by their Creator with certain unalienable rights: That among these are life, liberty, and the pursuit of happiness: that, to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed: that whenever any form of government becomes destructive of these ends, it is the right of the people to alter and abolish it...”*

**3.)** Capitalism has created inequality by an unequal distribution of the wealth and the earth resources, and in turn, it has caused misery among the masses.

**\*\*\* Capital Vol. 1 (Chapter 25, page 800 Penguin edition) ...”** Townsend (Rev. J. Townsend), glorified misery as a necessary condition of wealth in a thoroughly brutal way.

*‘legal constraint is attended with too much trouble, violence, and noise, ... whereas hunger is not only a peaceable, silent, unremitted pressure, but as the most natural motive to industry and labour, it calls forth the most powerful exertions.’*

*Everything depends on making hunger permanent among the working class, ‘...It seems to be the law of nature that the poor should be to a certain degree improvident ...’(Improvident: unable to provide for the future).*

#### 4.) Capitalism is the cause of social murder.

\*\*\* ***The Condition of the Working class in England.*** (Chapter 5 page 106) ...

*“But when society places hundreds of proletarians (workers) in such a position that they inevitably meet a too early and unnatural death, ...when it deprives thousands of the necessities of life, places them under conditions in which they cannot live- forces them, through the strong arm of the law, to remain in such conditions until that death ensues... and yet permits these conditions to remain, it’s deed is murder... “*

5.) Capitalism has divided the masses to compete against one another to the death for food shelter and clothing.

\*\*\*Communist Manifesto. Chapter 1 last paragraph.

*"...Wage labor rest exclusively on competition between workers..."*

God condemns Capitalism and we should to, come and join the Christian liberation movement; come and learn the social gospel!
